

LLC «PrimEksport»

PrimExport LLC, founded in 2019, specializes in wood processing and the production of white birch veneer tableware. The processing plant is located in the northern Primorsky Krai, in the village of Luchegorsk. The product range includes ice cream sticks (93 mm and 114 mm), blanks for wooden forks and spoons, and toothpicks. Currently, all products are exported to China, but the company is open to worldwide exports.
